

**Hard Drive & Tape Media**

NSA approved degausser for Type I, II & III media including hard disks up to 6,000 Oe. and tape media up to 2,800 Oe. Permanently erases 2.5" & 3.5" hard drives up to 1" in height, and tape formats including SDLT, DLT, LTO/LTO2, DAT, TRAVAN, AIT, QIC, 8mm and more. The rare earth magnet design produces a 14,000 oersted field and can be used with or without electrical power. Pricing includes pneumatic stand and shipping to receiving dock in the continental US.

- NSA Approved.
- Continuous Duty.
- Rare Earth Permanent Magnetic Technology.
- Complete Erasure of High Coercivity Hard Drives & Tape.

The REM-1400NSA is a powerful rare earth permanent magnet degausser. The patented magnetic design ensures complete erasure of data from tape and hard disk drives, including perpendicular media. The height adjustable stand with wheels allow the REM-1400NSA to be easily positioned and the wheels allow the REM-1400NSA to be easily relocated within your complex.

### REM-1400NSA Operations:

The REM-1400NSA erases media by passing the media through a large magnetic field. When powered by electricity, the REM-1400NSA will automatically transport the media through the magnetic field, rotate the media 90 degrees, and then pass the media back through the field.

### NSA/DOD Approved:

The REM-1400NSA meets the Department of Defense requirements for destroying magnetically recorded data on hard disks drives up to 6,000 Oe and tape media up to 2,800 Oe.

### Government Mandates:

The REM-1400NSA will assist you in meeting compliance standards for government mandates requiring complete elimination of sensitive information stored on magnetic media prior to re-use or disposal.

SPECIFICATIONS	
<b>Power Supply</b>	100-240 VAC, 50/60Hz 1.5A
<b>Erasing Field</b>	Rare earth permanent magnet (13,000 gauss)
<b>Operating Time</b>	Duty Cycle: Continuous Erasing time: 15 Seconds
<b>Magnetic Field</b>	14,000 Oe
<b>Media</b>	HDD: 1.8", 2.5", 3.5", (up to 1" in height) Tape: DLT, LTO, 3480, QIC
<b>Temperature</b>	14°F - 104°F (-10°C - 40°C)
<b>Humidity</b>	10%H - 85%H (non-condensing)
<b>Weight</b>	REM-1400NSA: 300 lbs.
<b>Size</b>	Degausser Only: 24 in. (W) x 39 in. (D) x 13 (H)
<b>Accessories</b>	Power Lift Table with Wheels - Included Shipping to dock within continental US - Included
<b>Warranty</b>	5 Year Parts and labor.
<b>Note</b>	Hard Drives are not reusable after having been erased.
